After purchase, we suggest that you reuse all packaging materials for future travelling.

O-ring Remover

Manual Instruction Card

IMPORTANT INSTRUCTIONS

1

Water-tight test of the housing (without camera inside) before usage is recommended as well as any O-ring renewal and port change.

2

Do not seal the housing when travelling by air as this may lead to a pressure difference between the atmosphere and inside the housing.

3

Only the accessories specified by Nauticam must be used. Third-party accessories may result in malfunctions or damage to the product.

4

Use only Nauticam lubricant on silicone rubber O-ring.

5

Do not stretch any O-rings excessively. Only remove it using Nauticam O-ring remover.

6

Discontinue use immediately when there is a sign of leakage.

7

Do not attempt to remove parts of the housing yourself. Repairs must be done at authorized service centers only.

8

The housing should be positioned on the a stable and safe surface on land.

9

Do not expose the housing in direct sunlight for a prolonged period.

10

Do not open the housing in wet or sandy environment. Protect the housing from moisture and debris in order to prevent malfunction or leakage.

11

Prevent any sand or dust or water penetration inside the housing. Be extra careful when changing lens and inserting or removing the camera.

12

This product is not intended for use by children, or persons with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they are supervised and/or given instruction by a responsible person concerning use of the product to ensure that they can use it safely.

4 M16 Accessory port

5 M24 Accessory port

6 1/4" Threaded tripod holes

Compatible accessories

17959 Housing mounting ball with 1/4" screws

25624 M14 Vacuum valve II (pushbutton release)

25221 M10 Strobe mounting ball for housing

25224 M10 Strobe mounting ball with hole

For remote control

For electrical bulkhead

For HDMI 1.4/2.0 output

** please refer to page 14 for HDMI setups*

17954 Universal tripod plate

OPENING THE HOUSING

* drawings as illustrations only

1

depress housing unlock button

2

turn housing lock latch
anti-clockwise to open the
housing

3

flip open the back housing
when lock latch is aligned to
'open' position

CLOSING THE HOUSING

* drawings as illustrations only

1

before closing the housing, clean and lubricate the main O-ring

make sure nothing is caught between front and back housing and that they are fully aligned before locking

2

insert the housing shaft into the shaft hole and then rotate the lock latch clockwise until you hear and feel it click into place

3

housing locked in place securely

PREPARATION FOR USE

* drawings as illustrations only

Installing the Camera

1

unlock camera tray lever and
remove the tray from the housing

2

attach the camera tray by tightening
the tray screw into the tripod socket
of the camera

3

slide the camera tray back into the
housing along the tray rail

4

lock camera tray

PREPARATION FOR USE

* drawings as illustrations only

Port Mounting

1

depress port lock safety button
and rotate anti-clockwise

2

lubricant the port O-ring before
mounting

align index mark

push port assembly straight in

3

rotate locking lever clockwise to
lock

PREPARATION FOR USE

* drawings as illustrations only

Coating housing O-ring

- 1
remove the main O-ring using an O-ring remover
- 2
clean the O-ring groove with a cloth and ensure that it is free from salt or other foreign materials
- 3
lightly coat it with provided lubricant
- 4
return the main O-ring by slowly pressing from one corner to the whole perimeter

PREPARATION FOR USE

* drawings as illustrations only

Setting up moisture alarm

1

remove battery
insulation film

2

press the battery down until it
click into place

3

switch on the alarm
- the moisture alarm
window will flash in
BLUE when it is working
correctly

4

test the alarm
- connect the wires with a
dampened cotton bud; the
alarm will give a repeating
'beep' and the moisture alarm
window will flash **RED**

* please contact our authorized service centers if testing fails
*please refer to page 15 for complete vacuum system guidance

HDMI OUTPUT

* drawings as illustrations only

HDMI 1.4 / 2.0

HDMI 1.4

HDMI 2.0

RECOMMENDED ACCESSORY

1

remove the plug of M14 accessory port from the housing

remove the cap from the vacuum valve

slightly lubricate the o-ring and tighten the vacuum valve to the housing with the tool provided

2

connect hand pump to the valve and pump several times until it reaches the target vacuum level

close vacuum valve cap

Moisture alarm window colour indication :

Steady Blue		device is turned on
Flashing Blue		standby mode, ready for pumpng
Steady Green		target vacuum level is reached
Flashing Yellow		vacuum level is dropping
Flashing Red		vacuum is totally lost, circuit stalled untill device is switched off
Alternating Blue and Red		vacuum is totally lost, circuit stalled untill device is switched off
Steady Red		out of battery

** It is recommended to leave the housing for at least 20mins to ensure it is sealed. If the LED light changes from steady green light to rapidly flashing yellow light, that means there is a leakage and please check every O-ring and conduct the vacuum test again.*

CARE/STORAGE

1

Soak the housing system in fresh water after salt water usage

2

Operate all controls and buttons at least 3 times while immersed in fresh water

3

We recommend cleaning and inspecting the main O-ring each time after diving for any damage and every time the housing is opened.

4

Protect the housing with robust and shock-proof travel case during transportation. Do not travel with camera inside housing.

5

We recommend to ship the housing to our service centers for a complete overhaul after 200 dives/every 2 years.

WARRANTY

All NAUTICAM Housing Products and Viewfinders are warranted against any material and manufacturing defects for two years from the date of purchase for consumer use. NAUTICAM Optical Accessories are warranted against material and manufacturing defects for a period of one year, and HDMI cables carry a year warranty.

This warranty only applies to products purchased from authorized NAUTICAM dealers and does not extend beyond the original retail purchaser.

To return your product for service, please contact your regional authorized service center(s). Please note that this warranty only applies when the product is purchased in the territory where the service center is located.

NAUTICAM accepts no liability for any damage to and defects in the housing caused by improper use and/or poor maintenance; it is the responsibility of the owner to carefully follow the instructions in our manuals.

NAUTICAM does not hold responsibility for damage, of any nature, to any equipment used with and/or placed within our products.

NAUTICAM accepts no liability for any loss of captured images or the inability to capture images even if it is due to the malfunctioning of our products.

Unauthorized modifications and/or repairs of our products will automatically invalidate the warranty.
